

DINESH BAGGA

Lead Engineer - Senior Full-Stack Engineer - Mohali(Punjab)

+91-9465377706 dinesh31191@gmail.com <https://www.linkedin.com/in/dinesh-bagga>

Summary

Tech Lead with 11+ years of experience delivering enterprise-grade web applications, authoring platforms, and progressive web apps. Specialized in the Angular, Node, Java and Spring Boot with deep expertise in RESTful APIs, cloud-native architectures, and CI/CD pipelines. Proven ability to lead high-performing teams, modernize legacy systems, and drive performance optimization at scale. Leverages AI-powered development tools such as Claude AI and GitHub Copilot to accelerate delivery, enhance code quality, and improve productivity.

Skills

Languages: TypeScript, JavaScript (ES6+), HTML5, CSS3/SCSS, Java

Frontend: Angular, PrimeNG, Angular Material, PWA, Service Workers, Lazy Loading

Backend: NodeJS, ExpressJS, NestJS, Java, Spring Boot, REST APIs

Database : Basics: MongoDB, Redis, PostgreSQL

Cloud and DevOps: AWS(ECR, Lambda, S3), Azure(ACR, DevOps), Docker, Kubernetes, Kafka, NGINX, CI/CD Pipelines, Multi-architecture Builds

Concepts: Microservices, Performance Optimization, Offline-first Architecture

AI Development: Prompt Engineering, Agent Workflows, MCP, Tool Integration, GitHub Copilot, Claude Code, Generative AI

Tools and Methodologies: Git, Maven, Yarn, Lerna, Webpack, Agile, Scrum, Monorepo Architecture, System Design, HLD, LLD, Code Reviews, Caching Strategies

Experience

Quark Software Inc.

Apr 2023 – July 2026

Lead Engineer

- **Architecture:** Architected QPP Next Gen Workspace and Author platforms using Angular 18+, Node.js, and Express.js with reusable UI components, improving team delivery efficiency.
- **Engineering Leadership:** Led design discussions, code reviews, release planning, and cross-team collaboration for enterprise content workflows.
- **Performance Optimization:** Implemented virtual scrolling, lazy loading, service worker offline support, and server-side pagination to improve application responsiveness.
- **CI/CD & Automation:** Integrated Postman/Newman regression suites into Azure DevOps and GitHub Actions pipelines, improving release quality.
- **AI Productivity:** Leveraged Claude AI and GitHub Copilot to accelerate development speed and improve code quality.
- **Mentorship:** Mentored other engineers, improving code consistency, code review processes, and reducing rework across releases.

Quark Software Inc.

Nov 2020 – Mar 2023

Senior Software Engineer 2

- **Angular Migration:** Led migration from legacy Angular versions to modern Angular, resolving breaking changes and ensuring stability.
- **Frontend Architecture:** Refactored modules using lazy loading, reactive patterns, and modular design to reduce technical debt.
- **Performance Optimization:** Contributed to first paint load improvements, lazy loading, reduced bundle size, and gzip compression.
- **API Collaboration:** Worked closely with backend teams on REST API design and CI/CD improvements in Azure DevOps.

Quark Software Inc.

Apr 2018 – Oct 2020

Senior Software Engineer 1

- **PWA Development:** Built App Studio as a Progressive Web App with offline support using service workers.
- **Analytics:** Integrated Google Analytics event tracking for user behavior insights.
- **Reusable Components:** Developed reusable Angular modules and JavaScript widgets across platforms.

Quark Software Inc.

Apr 2016 – Mar 2018

Software Engineer 2

- **Migration:** Migrated App Studio from Backbone.js to Angular 2+, modernizing architecture.
- **Frontend Modernization:** Implemented component-based UI using HTML5, CSS3, and SCSS.

Quark Software Inc.

Sep 2014 – Mar 2016

Software Engineer 1 / Intern

- **Hybrid Apps:** Developed hybrid mobile apps using Cordova and Backbone.js.
- **Cross-platform Development:** Built Windows desktop apps using WPF/C# and integrated REST APIs.
- **Editor Integration:** Worked on CKEditor-based workflows across web and mobile.

Certifications

Claude AI: Prompt Engineering & Developer Fundamentals – Anthropic (2026)**Azure DevOps:** Pipelines & CI/CD Fundamentals – Microsoft (2025)**Education**

Master of Computer Applications (MCA)

2012 – 2015

*Chitkara University, Rajpura, India***Bachelor of Computer Applications (BCA)**

2009 – 2012

*SGGS College, Panjab University, Chandigarh, India***Languages**

English (Professional), Hindi (Native), Punjabi (Native)
